CANCELLATION OF BOIL WATER NOTICE

April 1, 2026

Krista Mutual Water Company (1500475)

On March 27, 2026, all customers of Krista Mutual Water Company (KMWC) were notified of the need to boil/disinfect all tap water used for drinking and cooking purposes from March 27 until further notice. The precautionary Boil Water Notice was issued due to system shut down to install a fire hydrant. After flushing the distribution system multiple times and ensuring proper disinfection, two (2) bacteriological samples were collected from the distribution system on **March 31st, 2026**, and all two (2) samples tested absent for total coliform bacteria.

The KMWC in conjunction with the State Water Resources Control Board, Division of Drinking Water has determined that, through comprehensive testing of the water, your water is now considered safe to drink. **It is no longer necessary to boil your tap water or for you to consume bottled water.**
